

PLEASE USE THE HANDLES TO
LIFT THE WHEELS OVER THE
THRESHOLD OF THE DOORS.

Please return the ITU
{ Iliad transportation Unit }
to the first floor stairwell
when you have finished.

The tops flip up for easy access.

The middle shelf of the ITU
can be removed and inserted
into the side slots to create a
large box.

It is very important to
lift and pull the wheels of the
ITU up and over the threshold
of the elevator door as well
as the other doors of
the building.

Please do not damage the ITU.

Thank you !
